AFTERROOM BENCH

AFTEROOM BENCH

About

Afteroom Bench is yet a supplement to the Afteroom Chair, constituting the same concept - a tribute to Bauhaus And functionalism - reducing the amount of material to a minimum and enhancing the aesthetic appearance to a maximum. Often a side table will be seen next to a bench; so why not, logically, transform the two into one piece? By changing the backrest into a plate, the result is more than stylish.

Design

Afteroom is a Stockholm-based design studio, respecting wear and tear and the passage of time. Founded and directed by Hung-Ming Chen and Chen-Yen Wei, the studio's mission is simply to create beautiful products which will increase in value with the passage of time - design with which one can grow old. The inspiration derives from an intriguing interest in forms, senses, proportions, materials and cultures. The philosophy pivots around simplicity and honesty.
