Ø: 120 cm / 47,2"

Colours

Linolium Table Top

- Black / Charcoal
- Light Grey / Mushroom

Wooden Table Top

- Black
- Light Grey

An elegant and minimalist table with a strong geometric presence, the Snaregade is sleek enough to aesthetically elevate any space, and durable enough for both commercial and private use. The thinner silhouette enhances the elegance of this beautiful table.

The Snaregade Table was originally built for the home of MENU founder Bjarne Hansen, answering the question: what does the founder of a furniture company need in his dining room? He needed a table that was efficient in its use of space, visually light, and of course, sophisticated. It was so well-received that it's been in production ever since. MENU brings personality and intimacy to every piece, and the Snaregade showcases the best of that as it feels customised for every setting.

The new linoleum tops are both visually and materially appealing, with a heartiness that makes it an easy choice for families with young children or for a restaurant setting. The more slender silhouette of the top adds to the already present sophistication and minimalism.

About the Designer

Founded in Copenhagen in 2008 by Jonas Bjerre-Poulsen and Kasper Rønn, Norm Architects specialise in residential architecture, commercial interiors, industrial design, photography and art direction. Today, the group regularly collaborates with MENU, helping to drive the evolution of the brand and its product offerings. Norm Architects' name reflects the group's emphasis on the importance of drawing inspiration from norms and traditions within architecture and design – particularly the Scandinavian design principles of timeless aesthetics and natural materials, and the modernist values of restraint and refinement. Guided by these principles, Norm Architects produce design that unites good materials and craftsmanship, while embodying beauty, traditions, history and, most importantly, timeless simplicity, where there is nothing more to add or take away.

Snaregade Ø120

Ø: 120 cm / 47,2"

H: 73 cm / 28,7"

W: 90 cm / 35,4"

Production Process

Linoleum:

Forbo Linoleum glued on MDF, CNC machine cut and then painted matching the linoleum. Welded together from steel tubes and surface finish is powder coated.

Veneer:

The frame is powder coated steel, and the table top is painted oak veneer.

Materials

Forbo Linoleum, Plywood, Powder Coated Steel Base.
