DESCRIPTION

The new Epic Elliptical Table by GamFratesi features two monolithic columns supporting a new elongated tabletop in the shape of an ellipse, making it perfect for dining settings and larger gatherings. Named after the epic poems of ancient times, GamFratesi's Epic Table for GUBI is a sculptural piece of furniture inspired by Greek columns and Roman architecture. The table is made in Italy from white travertine; its monumental form emphasizes the materiality of the stone, the natural beauty of its veins, and the vibrant texture of its unique patina – in which a new detail can be discovered with every use.
