- White powder coated

Light Source
UL Certified

GU9
Bulb not included
European wiring 78”
White or Black Textile

Origin
Europe

Dimensions
S: Ø: 4.6”
M: Ø: 6”

The Mater Ray Lamps are a stunning lighting series, combining oak and steel in a beautifully innovative contrast. Designed by Danish design studio PEDERJESSEN, The Ray collection has a strong aesthetic reference to Nordic minimalism and materials, yet utilises low energy. The wooden globe shade is mounted inside the steel shell with magnets so that the user can position the beam of light in any direction. The Ray Floor lamp is ideal in lounge areas for reading or creating a soft luminosity.

Ray's outer shell is constructed in steel, with wooden inner globe housing, and textile-covered cord. Ray is available as a table lamp, a wall lamp and pendant light in black or white.

The choice of LED light source honours the UN Sustainable Development Goals of “*Affordable and Clean Energy*” (SDGs 7). Further the choice of certified wood from well-managed forests, honours the UN Sustainable Development Goals of protecting “*Life on Land*” (SDGs 15), “*Responsible Consumption and Production*” (SDGs 12) and “*Partnership for the Goals*” (SDGs 17).
